Notes to Consolidated Financial Statements

#### NOTE A - ORGANIZATION, DESCRIPTION OF COMPANY'S BUSINESS AND BASIS OF PRESENTATION

Surge Components, Inc. ("Surge") was incorporated in the State of New York and commenced operations on November 24, 1981 as an importer of electronic products, primarily capacitors and discrete semi-conductors selling to customers located principally throughout North America. On June 24, 1988, Surge formed Challenge/Surge Inc. ("Challenge"), a wholly-owned subsidiary to engage in the sale of electronic component products and sounding devices from established brand manufacturers to customers located principally throughout North America.

In May 2002, Surge and an officer of Surge founded and became sole owners of Surge Components, Limited ("Surge Limited"), a Hong Kong corporation. Under current Hong Kong law, Surge Limited is required to have at least two shareholders. Surge owns 999 shares of the outstanding common stock and the officer of Surge owns 1 share of the outstanding common stock. The officer of Surge has assigned his rights regarding his 1 share to Surge. Surge Limited started doing business in July 2002. Surge Limited operations have been consolidated with the Company. Surge Limited is responsible for the sale of Surge's products to customers located in Asia.

On August 31, 2010, the Company changed its corporate domicile by merging into a newly-formed corporation, Surge Components, Inc. (Nevada), which was formed in the State of Nevada for that purpose. Surge Components Inc. is the surviving entity.

In February 2019, the Company converted into a Delaware corporation. The number of authorized shares of common stock was decreased to 50,000,000 shares

#### NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### (1) Principles of Consolidation:

The consolidated financial statements include the accounts of Surge, Challenge, and Surge Limited (collectively the "Company"). All material intercompany balances and transactions have been eliminated in consolidation.

The accompanying interim consolidated financial statements have been prepared without audit in accordance with the instructions to Form 10Q for interim financial reporting and the rules and regulations of the Securities and Exchange Commissions. In the opinion of management, all adjustments and disclosures necessary for a fair presentation of these financial statements have been included. The results and trends in these interim consolidated financial statements for the six months ended May 31, 2021 and May 31, 2020 may not be representative of those for the full fiscal year or any future periods.

#### (2) Accounts Receivable:

Trade accounts receivable are recorded at the net invoice value and are not interest bearing. The Company considers receivables past due based on the payment terms. The Company reviews its exposure to amounts receivable and reserves specific amounts if collectability is no longer reasonably assured. The Company also reserves a percentage of its trade receivable balance based on collection history and current economic trends that might impact the level of future credit losses. The Company re-evaluates such reserves on a regular basis and adjusts its reserves as needed. Based on the Company's operating history and customer base, bad debts to date have not been material.

# (3) Revenue Recognition:

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standard Update ("ASU") No. 2014-09, "Revenue from Contracts with Customers: Topic 606." This ASU replaces nearly all existing U.S. generally accepted accounting principles guidance on revenue recognition. The standard prescribes a five-step model for recognizing revenue, the application of which will require significant judgment by the Company. The Company adopted the standard using the modified retrospective approach in its fiscal year beginning December 1, 2017. The preponderance of the Company's contracts with customers are standard ship and bill arrangements where revenue is recognized at the time of shipment.

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 10
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

# NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

## (3) Revenue Recognition (continued):

Revenue is recognized for products sold by the Company when persuasive evidence of an arrangement exists, delivery has occurred, the price is fixed and determinable, collectability is reasonably assured and title and risk of loss have been transferred to the customer. This occurs when product is shipped from the Company's warehouse.

For direct shipments, revenue is recognized when product is shipped from the Company's supplier. The Company has a long term supply agreement with one of our suppliers. The Company purchases the merchandise from the supplier and has the supplier directly ship to the customer through a freight forwarder. Title passes to customer upon the merchandise being received by a freight forwarder. Direct shipments were approximately \$1,769,000 and \$993,000 for the six months ended May 31, 2021 and May 31, 2020 respectively.

The Company also acts as a sales agent to certain customers in North America for one of its suppliers. The Company reports these commissions as revenues in the period earned. Commission revenue totaled \$88,181 and \$199,054 for the six months ended May 31, 2021 and May 31, 2020 respectively.

The Company performs ongoing credit evaluations of its customers and maintains reserves for potential credit losses.

The Company and its subsidiaries currently have agreements with several distributors. There are no provisions for the granting of price concessions in any of the agreements. Revenues under these distribution agreements were approximately \$3,870,000 and \$2,773,000 for the six months ended May 31, 2021 and May 31, 2020 respectively.

# (4) Inventories:

Inventories, which consist solely of products held for resale, are stated at the lower of cost (first-in, first-out method) or net realizable value. Products are included in inventory when the Company obtains title and risk of loss on the products, primarily when shipped from the supplier. Inventory in transit principally from foreign suppliers at May 31, 2021 was \$820,382. The Company at May 31, 2021, has a reserve against slow moving and obsolete inventory of \$252,565. From time to time the Company's products are subject to legislation from various authorities on environmental matters.

#### (5) Depreciation and Amortization:

Fixed assets are recorded at cost. Depreciation is generally calculated on a straight line method and amortization of leasehold improvements is provided for on the straight-line method over the estimated useful lives of the various assets as follows:

Furniture, fixtures and equipment	5 - 7 years
Computer equipment	5 years
Leasehold Improvements	Estimated useful life or lease term, whichever is shorter

Maintenance and repairs are expensed as incurred while renewals and betterments are capitalized.

# (6) Concentration of Credit Risk:

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of accounts receivable. The Company maintains substantially all of its cash balances in a limited number of financial institutions. At May 31, 2021 and November 30, 2020, the Company's uninsured cash balances totaled \$4,993,514 and \$3,823,433, respectively.

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 11
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

#### NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (7) Income Taxes:

The Company's deferred income taxes arise primarily from the differences in the recording of net operating losses, allowances for bad debts, inventory reserves and depreciation expense for financial reporting and income tax purposes. A valuation allowance is provided when it has been determined to be more likely than not that the likelihood of the realization of deferred tax assets will not be realized. See Note I.

The Company follows the provisions of the Accounting Standards Codification topic, ASC 740, "Income Taxes" (ASC 740). There have been no unrecognized tax benefits and, accordingly, there has been no effect on the Company's financial condition or results of operations as a result of ASC 740.

The Company files income tax returns in the U.S. federal jurisdiction and various state and foreign jurisdictions. The Company is no longer subject to U.S. federal tax examinations for years before fiscal years ending November 30, 2016, and state tax examinations for years before fiscal years ending November 30, 2015 Management does not believe there will be any material changes in our unrecognized tax positions over the next twelve months.

The Company's policy is to recognize interest and penalties accrued on any unrecognized tax benefits as a component of income tax expense. As of the date of adoption of ASC 740, there was no accrued interest or penalties associated with any unrecognized benefits, nor was any interest expense recognized during the six months ended May 31, 2021 and May 31, 2020.

#### (8) Cash Equivalents:

The Company considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

### (9) Use of Estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

# (10) Marketing and promotional costs:

Marketing and promotional costs are expensed as incurred and have not been material to date. The Company has contractual arrangements with several of its distributors which provide for cooperative advertising rights to the distributor as a percentage of sales. Cooperative advertising is reflected as a reduction in revenues and has not been material to date.

# (11) Fair Value of Financial Instruments:

The carrying amount of cash balances, accounts receivable, accounts payable and accrued expenses approximate their fair value based on the nature of those items. Estimated fair values of financial instruments are determined using available market information and appropriate valuation methodologies. Considerable judgment is required to interpret the market data used to develop the estimates of fair value, and accordingly, the estimates are not necessarily indicative of the amounts that could be realized in a current market exchange.

### (12) Shipping Costs

The Company classifies shipping costs as a component of selling expenses. Shipping costs totaled \$2,164 and \$1,564 for the six months ended May 31, 2021 and May 31, 2020 respectively.

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 12
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

# NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### (13) Earnings Per Share

Basic earnings per share includes no dilution and is computed by dividing net income available to common stockholders by the weighted average number of common shares outstanding for the period. The difference between reported basic and diluted weighted-average common shares results from the assumption that all dilutive stock options and convertible preferred stock exercised into common stock. Total potentially dilutive shares excluded from diluted weighted shares outstanding at May 31, 2021 and May 31, 2020 totaled 90,746 and 432,000, respectively.

#### (14) Stock Based Compensation

Stock Based Compensation to Employees

The Company accounts for its stock-based compensation for employees in accordance with Accounting Standards Codification ("ASC") 718. The Company recognizes in the statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees and non-employees over the related vesting period.

Stock Based Compensation to Other than Employees

The Company accounts for equity instruments issued in exchange for the receipt of goods or services from other than employees in accordance with ASC 718. Costs are measured at the estimated fair market value of the consideration received or the estimated fair value of the equity instruments issued, whichever is more reliably determinable. The value of equity instruments issued for consideration other than employee services is determined on the earlier of a performance commitment or completion of performance by the provider of goods or services. In the case of equity instruments issued to consultants, the fair value of the equity instrument is recognized over the term of the consulting agreement.

#### (15) Leases:

In February 2016, the FASB issued Accounting Standards Update No. 2016-02, *Leases (Topic 842"*). Topic 842"). Topic 842 requires the entity to recognize the assets and liabilities for the rights and obligations created by leased assets. Leases will be classified as either finance or operating, with classification affecting expense recognition in the income statement.

On December 1, 2019, the Company adopted Topic 842 applying the optional transition method, which allows an entity to apply the new standard at the adoption date with a cumulative effect adjustment to the opening balance of retained earnings in the period of adoption. As a result of adopting Topic 842, the Company recognized assets and liabilities for the rights and obligations created by operating leases totaling approximately \$290,000.

The Company determines if a contract contains a lease at inception based on whether it conveys the right to control the use of an identified asset. Substantially all of the Company's leases are classified as operating leases. The Company records operating lease right-of-use assets within "Other assets" and lease liabilities are recorded within "current and noncurrent liabilities" in the consolidated balance sheets. Lease expenses are recorded within "General and administrative expenses" in the consolidated statements of operations. Operating lease payments are presented within "Operating cash flows" in the consolidated statements of cash flows.

Operating lease right-of-use assets and lease liabilities are recognized based on the net present value of future minimum lease payments over the lease term starting on the commencement date. The Company generally is not able to determine the rate implicit in its leases and, as such, applies an incremental borrowing rate based on the Company's cost of borrowing for the relevant terms of each lease. Lease expense for minimum lease payments is recognized on a straight-line basis over the lease term. Lease terms may include an option to extend or terminate a lease if it is reasonably certain that the Company will exercise such options. The Company has elected the practical expedient to not separate lease components from non-lease components, and also has elected not to record a right-of-use asset or lease liability for leases which, at inception, have a term of twelve months or less. Variable lease payments are recognized in the period in which the obligation for those payments is incurred.

Notes to Consolidated Financial Statements

# NOTE C - FIXED ASSETS

Fixed assets consist of the following:

	May 31, 2021	November 30, 2020	
Furniture and Fixtures	\$ 327,971	\$	327,971
Leasehold Improvements	1,022,556		1,022,556
Computer Equipment	1,287,732		1,095,335
Less-Accumulated Depreciation	(2,378,676)		(2,343,627)
Net Fixed Assets	\$ 259,583	\$	102,235

Depreciation and amortization expense for the six months ended May 31, 2021 and May 31, 2020 was \$35,049 and \$18,905, respectively.

# NOTE D – FINANCING LEASE OBLIGATIONS

The Company is obligated under financing leases for telephone equipment. The Company leases equipment under two capital lease arrangements with NEC Financial Services. Pursuant to the leases, the lessor retains actual title to the leased property until the termination of the lease, at which time the equipment can be purchased for one dollar for each lease. The terms of the leases are 60 months with a combined monthly payment of \$815, respectively. The assumed interest rates on the leases are 9.342%. The leases terminate in 2022.

Future minimum lease payments under these financing lease obligations as of May 31, 2021 are as follows:

2021	\$ 9,779
2022	\$ 4,077
Total	\$ 13,856
Less: interest portion	925
Present value of net minimum lease payments	\$ 12,931
Less: current portion	8,948
Non-current portion	\$ 3,983
Financing lease obligations mature as follows:	

Six months ended May 31, 2021:

2021	\$ 8,948
2022	\$ 3,983
Principal payments remaining	\$ 12,931

Notes to Consolidated Financial Statements

#### NOTE E - LOANS PAYABLE

In February 2017, the Company obtained a line of credit with a bank for up to \$3,000,000 (the "Credit Line"). Borrowings under the Credit Line are due upon demand and accrue interest at the greater of the prime rate or the LIBOR rate plus two percent (and may be increased by three percent in the event the Company fails to (i) repay all amounts due on the Credit Line upon demand or (ii) comply with any terms or conditions relating to the Credit Line). The Credit Line is collateralized by substantially all the assets of the Company. As of May 31, 2021, the balance on the Credit Line was \$0. As of May 31, 2021, the Company was in compliance with the covenant for the debt service coverage ratio for the Credit Line.

The Company in May 2020 received loan proceeds in the amount of approximately \$449,700 under the Paycheck Protection Program ("PPP"). The PPP, established as part of the Coronavirus Aid, Relief and Economic Security Act ("CARES Act"), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after twenty-four weeks as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the period.

The unforgiven portion of the PPP loan is payable over five years at an interest rate of 1%, with a deferral of payments for the first twelve months. During April 2021, the Company was notified that the full \$449,700 of the PPP loans received by the Company have been forgiven by the SBA.

# NOTE F - ACCRUED EXPENSES

Accrued expenses consist of the following:

	N	May 31, 2021	Nov	vember 30, 2020
Commissions	\$	267,046	\$	215,052
Preferred stock dividends		154,069		151,569
Other accrued expenses		253,316		199,301
	\$	674,431	\$	565,922

# NOTE G - RETIREMENT PLAN

In June 1997, the Company adopted a qualified 401(k) retirement plan for all full-time employees who are twenty-one years of age and have completed twelve months of service. The plan allows total employee contributions of up to fifteen percent (15%) of the eligible employee's salary through salary reduction. The Company makes a matching contribution of twenty percent (20%) of each employee's contribution for each dollar of employee deferral up to five percent (5%) of the employee's salary. Net assets for the plan, as estimated by Union Central, Inc., which maintains the plan's records, were approximately \$1,776,000 at November 30, 2020. Pension expense for the six months ended May 31, 2021 and May 31, 2020 was \$1,425 and \$558, respectively.

Notes to Consolidated Financial Statements

#### NOTE H - SHAREHOLDERS' EQUITY

#### [1] Preferred Stock:

In February 1996, the Company amended its Certificate of Incorporation to authorize the issuance of 1,000,000 shares of preferred stock in one or more series. In August 2010, the number of preferred shares authorized for issuance was increased to 5,000,000 shares.

In November 2000, the Company authorized 100,000 shares of preferred stock as Non-Voting Redeemable Convertible Series C Preferred Stock ("Series C Preferred"). Each share of Series C Preferred is automatically convertible into 10 shares of our common stock upon shareholder approval. If the Series C Preferred were converted into common stock on or before April 15, 2001, these shares were entitled to cumulative dividends at the rate of \$.50 per share per annum commencing April 15, 2001 payable on June 30 and December 31 of each year. In November 2000, 70,000 shares of the Series C Preferred were issued in payment of financial consulting services to its investment banker and a shareholder of the Company.

Dividends aggregating \$154,069 have not been paid for the semi-annual periods ended December 31, 2001 through the semi-annual payment due December 31, 2020. The Company has accrued these dividends. At May 31, 2021, there are 10,000 shares of Series C Preferred issued and outstanding.

In October 2016, the Company authorized 75,000 shares of preferred stock as Voting Non-Redeemable Convertible Series D Preferred Stock ("Series D Preferred"). None of the Series D Preferred Stock is outstanding as of February 28, 2021.

#### [2] 2010 Incentive Stock Plan

In March 2010, the Company adopted, and in April 2010 the shareholders ratified, the 2010 Incentive Stock Plan ("2010 Stock Plan"). The 2010 Stock Plan provides for the grant of options to officers, employees, directors or consultants to the Company to purchase an aggregate of 1,500,000 common shares.

#### [3] 2015 Incentive Stock Plan

In November 2015, the Company adopted and the shareholders ratified, the 2015 Incentive Stock Plan ("2015 Stock Plan"). The 2015 Stock Plan provides for the grant of options to officers, employees, directors or consultants to the Company to purchase an aggregate of 1,500,000 common shares.

In May 2016 a total of 99,151 shares were issued to the Company's officers as part of their 2015 bonus compensation under the 2015 Stock Plan.

In May 2019, a total of 47,207 shares were issued to the Company's officers as part of their 2018 bonus compensation under the 2015 Stock Plan.

In April 2020, the Company awarded one non-employee director 15,000 shares of its common stock under the 2015 Stock Plan. The Company recorded a cost of \$21,150 related to the issuance of these shares.

In April 2020, a total of 27,500 shares were issued to one of the Company's officers as part of their 2019 bonus compensation under the 2015 Stock Plan. The Company recorded a cost of \$41,250 relating to the issuance of these shares.

In April 2020, the Company granted stock options to (a) four non-employee directors to each purchase 15,000 shares of common stock, (b) one non-employee-director to purchase 25,000 shares of common stock, and (c) two Company officers to each purchase 50,000 shares of common stock at an exercise price of \$1.41 per share, the market price of the common stock on the date of the grant. These options vest immediately and expire five years from the grant date. The Company recorded a cost of \$154,534 related to the granting of these options.

In April 2021, a total of 26,786 shares were issued to the Company's officers as part of their 2020 bonus compensation under the 2015 Stock Plan. The Company recorded a cost of \$75,000 relating to the issuance of these shares in this quarter.

Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

# NOTE H - SHAREHOLDERS' EQUITY (Continued)

#### [3] 2015 Incentive Stock Plan (continued)

Activity in the Company's stock plans for the period ended May 31, 2021 is summarized as follows:

	Shares	Weighted Average Exercise Price
Options outstanding December 1, 2020	255,000	\$ 1.34
Options issued in the six months ended May 31, 2021	-	\$ -
Options exercised in the six months ended May 31, 2021	(85,000)	\$ (1.20)
Options cancelled in the six months ended May 31, 2021	-	\$ -
Options outstanding at May 31, 2021	170,000	\$ 1.41
Options exercisable at May 31, 2021	170,000	\$ 1.41

The intrinsic value of the exercisable options at May 31, 2021 totaled \$221,000. At May 31, 2021 the weighted average remaining life of the stock options is 3.90 years. At May 31, 2021, there was no unrecognized compensation cost related to the stock options granted under the plan.

# [4] Compensation of Directors

Compensation for each non-employee director is \$2,500 per month (and \$3,500 per month for a non-employee director that serves as the chairman of more than two committees of the Board of Directors). In Mayl of 2021, this was increased to \$3,500 per month for each non-employee director (and \$4,000 per month for a non-employee director that serves as the chairman of more than two committees of the Board of Directors)

#### NOTE I - INCOME TAXES

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes using the enacted tax rates in effect in the years in which the differences are expected to reverse.

The Company's deferred income taxes are comprised of the following:

	I	May 31, 2021	No	ovember 30, 2020
Deferred Tax Assets				
Net operating loss	\$	731,098	\$	1,066,794
Allowance for bad debts		30,515		30,413
Inventory		61,269		60,746
Deferred rent		-		-
Other		109,957		100,133
Depreciation		44,267		63,632
Total deferred tax assets		977,106		1,321,718
Valuation allowance		-		(14,160)
Deferred Tax Assets	\$	977,106	\$	1,307,558

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 17
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

# NOTE I – INCOME TAXES (Continued)

The valuation allowance for the deferred tax assets relates principally to the uncertainty of the utilization of deferred tax assets and was calculated in accordance with the provisions of ASC 740, which requires that a valuation allowance be established or maintained when it is "more likely than not" that all or a portion of deferred tax assets will not be realized. The valuation allowance decreased by approximately \$14,000 for the six months ended May 31, 2021. This valuation is based on management estimates of future taxable income. Although the degree of variability inherent in the estimates of future taxable income is significant and subject to change in the near term, management believes, that the estimate is adequate. The estimated valuation allowance is continually reviewed and as adjustments to the allowance become necessary, such adjustments are reflected in the current operations.

The Company's income tax expense consists of the following:

		Six Months Ended		ded				
	1	May 31, 2021						
Current:		_						
Federal	\$	-	\$	-				
States		110,003		91,516				
		110,003		91,516				
Deferred:								
Federal		269,945		219,498				
States		60,507		58,348				
		330,452		277,846				
Provision for income taxes	\$	440,455	\$	369,362				

The Company files a consolidated income tax return with its wholly-owned subsidiaries and has net operating loss carryforwards of approximately \$2,800,000 for federal and state purposes, which expire through 2025. A reconciliation of the difference between the expected income tax rate using the statutory federal tax rate and the Company's effective rate is as follows:

	Six months	ended
	May 31, 2021	May 31, 2020
U.S Federal Income tax statutory rate	21%	21%
Valuation allowance	5%	175%
State income taxes	5%	5%
Other	-	-
Effective tax rate	31%	201%

Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

#### NOTE J – OPERATING LEASE COMMITMENTS

The Company leases its office and warehouse space through 2030 from a corporation that is controlled by officers/shareholders of the Company ("Related Company"). Annual minimum rental payments to the Related Company approximated \$180,000 for the year ended November 30, 2020, and increase at the rate of two per cent per annum throughout the lease term.

The Company has a lease to rent office space and a warehouse in Hong Kong through June 2021. Annual minimum rental payments for this space are approximately \$68,460.

The Company has a lease to rent warehouse space in Hong Kong through December 31, 2022. Annual minimum rental payments for this space are approximately \$36,840.

The Company's future minimum rental commitments at May 31, 2021 are as follows:

Twelve Months Ended May 31,

2022	\$ 235,038
2022 2023	217,810
2024 2025 2026	200,215
2025	204,219
2026	208,303
2027 and after	951,369
	\$ 2,016,954

Net rental expense for the six months ended May 31, 2021 and May 31, 2020 were \$211,918 and \$181,325 respectively, of which \$135,299 and \$133,437 respectively, was paid to the Related Company.

# NOTE K – EMPLOYMENT AND OTHER AGREEMENTS

In February 2016, the Company entered into revised employment agreements with two officers of the Company. Pursuant to these agreements, the base salary for one officer is \$275,000 and the base salary for the other officer is \$225,000. The agreements continue until terminated by either party. In April 2021, the base salaries for the two officers were amended to \$300,000 for one officer and \$250,000 for the other officer.

The Company's compensation committee may award these officers with bonuses and will review the base salary amounts for each of the officers on an annual basis to determine if any changes to the base salary amounts need to be made and may also award these officers with annual bonuses. Pursuant to the employment agreements, the officers are prohibited from engaging in activities which are competitive with those of the Company during their employment with the Company and for one year following termination. If the agreement is terminated other than for cause, the officer would be entitled to all base salary earned through the date of termination, accrued but unused vacation, all vested equity, and bonus amounts payable to the officer through the date of termination. The officers would also be entitled to receive an additional thirty-six months of annual compensation equal to the average of his base salary and bonus for the three calendar years prior to the date of termination, payable in accordance with the Company's regular payroll practice over a 52-week period.

# NOTE L – MAJOR CUSTOMERS

The Company had two customers who each accounted for 15% and 14% of net sales for the six months ended May 31, 2021 and two customers who accounted for 16% and 12% of net sales for the six months ended May 31, 2020. The Company had two customers who accounted for 22% and 10% of accounts receivable May 31, 2021 and two customers who accounted for 18% and 11% of accounts receivable at May 31, 2020.

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 19
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

Notes to Consolidated Financial Statements

# NOTE M – MAJOR SUPPLIERS

During the six months ended May 31, 2021 and May 31, 2020 there was one foreign supplier accounting for 33% and 40% of total inventory purchased.

The Company purchases substantially all of its products overseas. For the six months ended May, 2021, the Company purchased 42% of its products from Taiwan, 15% from Hong Kong, 38% from elsewhere in Asia and less than 1% overseas outside of Asia. The Company purchases the balance of its products in the United States.

### NOTE N - EXPORT SALES

The Company's export sales were as follows:

	Six Months Ended	
	May 31, 2021	May 31, 2020
Canada	2,028,979	1,529,736
China	3,004,843	2,472,615
Other Asian Countries	1,328,639	448,001
South America	59,931	138,110
Europe	831,769	563,369

Revenues are attributed to countries based on location of customer.

# NOTE P – SUBSEQUENT EVENTS

In early January 2020, an outbreak of a respiratory illness caused by the coronavirus was identified in Wuhan, China. In response to the resulting pandemic, governments around the world took various preventative steps up to and including full or partial shutdowns. As a result of the drop in production in our suppliers and customers, the Company experienced order cancellations and order hold notices from customers. Although business has improved in the first half of 2021, the effects of the pandemic will have an ongoing impact on the Company's business. The duration of this crisis and its impact on both the Company's customers and supply chain is expected to have an impact on the consolidated results of operations, cash flows and financial condition, but cannot be reasonably estimated at this time. Additionally, the spread of COVID-19 and the related actions implemented by governments of the United States and elsewhere across the globe, may worsen again over time. Thus, the pandemic may have an impact on the Company's operations, the future effect of which will largely depend on future developments which are highly uncertain and cannot be predicted at this time. The Company continues to monitor its operations and applicable government recommendations and requirements.

#### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This report contains forward-looking statements. All statements other than statements of historical facts contained herein, including statements regarding our future results of operations and financial position, business strategy and plans and objectives of management for future operations, are forward-looking statements. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Furthermore, we cannot at this time assess the affect that the global outbreak of the novel Coronavirus may have on the Company.

In some cases, forward-looking statements can be identified by terms such as "may," "will," "should," "expects," "plans," "anticipates," "could," "intends," "target," "projects," "contemplates," "believes," "estimates," "predicts," "potential" or "continue" or the negative of these terms or other similar words. These statements are only predictions. We have based these forward-looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our business, financial condition and results of operations. We discuss many of the risks in greater detail under the heading "Risk Factors" in our most recent Annual Report on Form 10-K. Also, these forward-looking statements represent our estimates and assumptions only as of the date of the filing of this report. Except as required by law, we assume no obligation to update any forward-looking statements after the date of the filing of this report.

#### Overview

The Company operates with two sales groups, Surge Components ("Surge") and Challenge Electronics ("Challenge"). Surge is a supplier of electronic products and components. These products include capacitors, which are electrical energy storage devices, and discrete semiconductor components, such as rectifiers, transistors and diodes, which are single function low power semiconductor products that are packaged alone as compared to integrated circuits such as microprocessors. The products sold by Surge are typically utilized in the electronic circuitry of diverse products, including, but not limited to, automobiles, audio products, temperature control products, lighting products, energy related products, computer related products, various types of consumer products, garage door openers, household appliances, power supplies and security equipment. These products are sold to both original equipment manufacturers, commonly referred to as OEMs, who incorporate them into their products, and to distributors of the lines of products we sell, who resell these products within their customer base. These products are manufactured predominantly in Asia by approximately sixteen independent manufacturers. We act as the master distribution agent utilizing independent sales representative organizations in North America to sell and market the products for one such manufacturer pursuant to a written agreement. When we act as a sales agent, our supplier who sold the product to the customer that we introduced to our supplier pays us a commission. The amount of the commission is determined on a sale by sale basis depending on the profit margin of the product. Commission revenue totaled \$88,181 and \$199,054 for the six months ended May 31, 2021 and May 31, 2020 respectively.

Challenge is engaged in the sale of electronic components. In 1999, Challenge began as a division to sell audible components. We have been able to increase the types of products that we sell because some of our suppliers introduced new products, and we also located other products from new suppliers. Our core products include buzzers, speakers, microphones, resonators, alarms, chimes, filters, and discriminators. We now also work with our suppliers to have our suppliers customize many of the products we sell for many customers through the customers' own designs and those that we work with our suppliers to have our suppliers redesign for them at our suppliers' factories. We have an engineer on our staff who works with our suppliers on such redesigns and assists with the introduction of new product lines. We are continually looking to expand the line of products that we sell. We sell these products through independent representatives that earn a commission on the products we sell. We are also working with local, regional, and national distributors to sell these products to local accounts in every state.

The Company has a Hong Kong office to effectively handle the transfer business from United States customers purchasing and manufacturing in Asia after designing the products in the United States. This office has strengthened the Company's global position, improving our capabilities and service to our customer base.

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 21
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

The world of business continues to change because of "disruptors," which are significant changes in traditional business practices that did not previously exist. For example, customers continue to centralize purchasing from regional purchasing and are stretching their payment terms. These changes also include customers moving their manufacturing operations from North America to Asia, and the trend of globalization. Some of our customers have been involved in mergers and acquisitions, causing consolidation. This trend makes business more complicated and costly for the Company. The Company must have a presence in Asia to service and further develop the business. For these reasons, we established Surge Ltd., our Hong Kong subsidiary. Currency fluctuations may also have an effect on doing business outside of North America. Customers have moved to reduce their supply chain, which could adversely affect the Company. In some market segments, demand for electronic components have decreased, and in other segments, the demand is still strong. Some technologies have become obsolete, while customers develop new products using different kinds of components. Management expects 2021 to be a year of change, in regards to pandemic healing, challenge, in regards to maintaining consistent flow of products during shortages of certain products, and growth as we see our customers return to full production pace. These challenges could affect the Company in negative ways, possibly reducing sales and or profitability. Because of a labor shortage, our customers engineering staff has been challenged, so getting our products approved has been and will continue to be impacted.. The cost of raw materials have increased, and due to that fact, factories have increased our costs. While we are able to pass on some of those costs to our customers this could impact profitability for the remainder of 2021. In order for the Company to grow, we will depend on, among other things, the continued growth of the electronics and semiconductor industries, our ability to withstand intense price competition, our ability to obtain new customers, our ability to retain and attract sales and other key personnel in order to expand our marketing capabilities, our ability to secure adequate sources of products, which are in demand on commercially reasonable terms, our success in executing and managing growth, including monitoring an expanded level of operations and systems, controlling costs, the availability of adequate financing, the continued supply of products from our factories, and our ability to deal successfully, with new and future disruptors. The tariffs continue to impact the Company. At this time there is a shortage of electronics components which could impact the Company's growth. Due to the radical increase of demand as the pandemic has eased, our lead times have stretched which could impact sales.

In March 2020, The World Health Organization categorized COVID-19 as a pandemic and it continues to negatively impact the global economy. During the pandemic we did everything we could do to keep customers production running and to keep things as smooth and stable as possible, and we will continue to do so. The Company has experienced order cancellations and order hold notices from customers and we expect this could continue. While the worst effects of the pandemic may be behind us in the United States, the virus situation is still serious globally, and business with customers in different regions is impacted more or less based on the Covid status in that region. Although the Company's business has improved in the first half of 2021 and our customers' outlook for their business is stronger than it was previously, we cannot guaranty that the increase in subsequent quarters will continue as the coronavirus conditions may change. Additionally, the spread of COVID-19 and the related actions implemented by governments of the United States and elsewhere across the globe, may worsen again over time. Thus, the pandemic may have an impact on the Company's operations, the future effect of which will largely depend on future developments which are highly uncertain and cannot be predicted at this time. The Company continues to monitor its operations and applicable government recommendations and requirements.

# **Critical Accounting Policies**

Accounts Receivable

The allowance for doubtful accounts is based on the Company's assessment of the collectability of specific customer accounts and an assessment of international, political and economic risk as well as the aging of the accounts receivable. If there is a change in actual defaults from the Company's historical experience, the Company's estimates of recoverability of amounts due could be affected and the Company would adjust the allowance accordingly.

# Revenue Recognition

Revenue is recognized when persuasive evidence of an arrangement exists, delivery has occurred, the price is fixed and determinable, collectability is reasonably assured and title and risk of loss have been transferred to the customer. This occurs when product is shipped from the Company's warehouse. For direct shipments from our suppliers to our customer, revenue is recognized when product is shipped from the Company's supplier. The Company acts as a sales agent for certain customers buying direct from one of its suppliers. The Company reports these commissions as revenues in the period earned.

The Company performs ongoing credit evaluations of its customers and maintains reserves for potential credit losses.

Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

#### Inventory Valuation

Inventories are recorded at the lower of cost or net realizable value. Write-downs of inventories to net realizable value are based on stock rotation, historical sales requirements and obsolescence as well as in the changes in the backlog. Reserves required for obsolescence were not material in any of the periods in the financial statements presented. If market conditions are less favorable than those projected by management, additional write-downs of inventories could be required. For example, each additional 1% of obsolete inventory would reduce operating income by approximately \$40,000.

The Company does not have price protection agreements with any of its vendors and assumes the risk of changes in the prices of its products. The Company does not believe there to be a significant risk with regards to the lack of price protection agreements as many of its inventory items are purchased to fulfill purchase orders received.

#### Income Taxes

We have made a number of estimates and assumptions relating to the reporting of a deferred income tax asset to prepare our financial statements in accordance with generally accepted accounting principles. These estimates have a significant impact on our valuation allowance relating to deferred income taxes. Our estimates could materially impact the financial statements.

## **Results of Operations**

Consolidated net sales for the six months ended May 31, 2021 increased by \$4,312,573 or 32.1%, to \$17,748,762 as compared to net sales of \$13,436,189 for the six months ended May 31, 2020. Consolidated net sales for the three months ended May 31, 2021 increased by \$2,945,409 or 44.3%, to \$9,592,460 as compared to net sales of \$6,647,051 for the six months ended May 31, 2020. We attribute the increase to an increase in business with new customers as well as an increase in business with existing customers. We can also attribute the increase in 2021 to the impact of the coronavirus in Asia in the six months ended May 31, 2020 since factories were shut and demand was reduced during that period. Net sales for the six months ended May 31, 2021 and May 31, 2020 reflect \$459,629 and \$595,733, respectively of tariff costs that the Company was able to pass on to its customers.

Our gross profit for the six months ended May 31, 2021 increased by \$928,918 to \$4,857,288, or 23.6%, as compared to \$3,928,370 for the six months ended May 31, 2020. Gross margin as a percentage of net sales decreased to 27.4% for the six months ended May 31, 2021 compared to 29.2% for the six months ended May 31, 2020. Gross profit for the three months ended May 31, 2021 increased by \$514,414 to \$2,557,008, or 25.2%, as compared to \$2,042,594 for the three months ended May 31, 2020. Gross margin as a percentage of net sales decreased to 26.7% for the three months ended May 31, 2021 compared to 30.7% for the three months ended May 31, 2020. We attribute the increase in gross margin to an increase in sales volume in the six and three months ended May 31, 2021. We attribute the decrease in gross margin as a percentage of sales to the fact that in our industry we will continue to receive pressure from customers for price reductions. Some of them further demand periodic price reductions on a quarterly or semi-annual basis, as opposed to annual fixed pricing. We work with electronic manufacturing service subcontractor customers who manufacture products for other customers who do not have their own manufacturing operations. At times we are not able to recover these price reductions from our suppliers. The Company has agreements with these subcontractor customers to provide periodic cost reductions through rebates in the amount of 5%. The costs of material from our suppliers have also increased which resulted in the decrease in gross margin percentages. These reductions only affect future shipments of our products, and do not affect existing orders. These reductions can have a negative impact on our profit margins since they reduce the amount of commissions we can earn. Even though this rebate can impact the Company's gross profit margin, these subcontractor customers represent very significant potential growth for the Company, because they can help the Company become an approved supplier at the customers they manufacture for, and they purchase our components for these customers. We believe it would be very difficult for the Company to achieve business at these customers without the help of these subcontractor customers. During the six months ended May 31, 2021, the Company was impacted by tariff costs on certain products imported from China, which went into effect as of July 6, 2018. The Company has been able to pass along a portion of these costs to its customers. The Company is also moving some customer deliveries directly to Hong Kong in order to mitigate some of these costs.

Selling and shipping expenses for the six months ended May 31, 2021 was \$1,275,383, an increase of \$44,412, or 3.6%, as compared to \$1,230,971 for six months ended May 31, 2020. Selling and shipping expenses for the three months ended May 31, 2021 was \$594,251, an increase of \$20,118, or 3.5%, as compared to \$574,133 for three months ended May 31, 2020. We attribute the increase to an increase in commission expenses, entertainment and freight out expenses, offset by decreases in salesman payroll and travel expenses.

f10q0521_surgecomponents.htm	Form Type: 10-Q	Page 23
Edgar Agents LLC	SURGE COMPONENTS, INC.	07/13/2021 01:39 PM

General and administrative expenses for the six months ended May 31, 2021 was \$2,574,225, an increase of \$59,352, or 2.4%, as compared to \$2,514,873 for the six months ended May 31, 2020. General and administrative expenses for the three months ended May 31, 2021 was \$1,328,244, an increase of \$2,611, or less than 1% as compared to \$1,325,633 for the three months ended May 31, 2020. The increase is due primarily to increases in rent, utilities, professional fees and salaries, computer expenses as well as consulting, temporary help expenses and settlement expenses, offset by decreases in health insurance, directors fees and public company expenses.

Depreciation expense for the six months ended May 31, 2021 was \$35,049, an increase of \$16,144, or 85.4%, as compared to \$18,905 for the six months ended May 31, 2020. Depreciation expense for the three months ended May 31, 2021 was \$17,918, an increase of \$8,377, or 87.8%, as compared to \$9,541 for the three months ended May 31, 2020. The increase is due to the company purchasing new equipment during the six months ended May 31, 2021.

Other income for the six months ended May 31, 2021 was \$450,314, an increase of \$429,336 compared to \$20,978 for the six months ended May 31, 2020. Other income for the three months ended May 31, 2021 was \$450,004, an increase of \$429,544 compared to \$20,460 for the three months ended May 31, 2020. We attribute the increase to Company receiving forgiveness for the Paycheck Protection Program ("PPP")loan in the amount of \$449,700 during the six months ended May 31, 2021, We can also attribute some of the increase to the increase in the cash balances for the six months ended May 31, 2021.

Tax expense for the six months ended May 31, 2021 was \$440,455, an increase of \$71,093 as compared to a tax expense of \$369,362 for the six months ended May 31, 2020. Tax expense for the three months ended May 31, 2021 was \$362,156, an increase of \$286,881 as compared to a tax expense of \$75,275 for the three months ended May 31, 2020. The changes result from our net income for such periods and management's revised estimate of future taxable income and the related impact on the reported deferred tax. The change in the valuation allowance is based on management estimates of future taxable income. The degree of variability inherent in the estimates of future taxable income is significant and subject to change in the near term. The Company reviews its estimates of future taxable income in each reporting period and adjustments to the valuation allowance are reflected in the current operations.

As a result of the foregoing, net income for the six months ended May 31, 2021 was \$981,772, compared to a net loss of \$(185,852) for the six months ended May 31, 2020. The net income for the three months ended May 31, 2021 was \$704,108, compared to a net income of \$77,950 for the three months ended May 31, 2020.

# **Liquidity and Capital Resources**

As of May 31, 2021 we had cash of \$5,558,010, and working capital of \$10,317,307. We believe that our working capital levels are adequate to meet our operating requirements during the next twelve months. The Company is exploring and evaluating opportunities for growth and expansion using the Company's cash resources.

During the six months ended May 31, 2021, we had net cash flow provided by operating activities of \$1,366,649, as compared to net cash flow provided by operating activities of \$915,544 for the six months ended May 31, 2020. The increase in cash flow from operating activities resulted from increases net income, depreciation expenses, deferred income taxes, accounts payable, prepaid expenses and accrued expenses offset by decreases in stock compensation, accounts receivable and inventory and the gain on forgiveness of the Paycheck Protection Plan Loan.

We had net cash flow used in investing activities of \$(192,397) for the six months ended May 31, 2021, as compared to net cash flow used in investing activities of \$(17,996) for the six months ended May 31, 2020. We attribute the change to the Company purchasing more new equipment during the six months ended May 31, 2021.

We had net cash flow used by financing activities of \$(4,171) during the six months ended May 31, 2021 as compared to \$445,900 provided by financing activities for six months ended May 31, 2020. We attribute this to the Company's loan related to the Paycheck Protection Program loan in the amount of \$449,700 in the 2020 period.

As a result of the foregoing, the Company had a net increase in cash of \$1,170,081 for the six months ended May 31, 2021, as compared to a net increase in cash of \$1,343,448 for the six months ended May 31, 2020.

The table below sets forth our contractual obligations, including long-term debt, operating leases and other long-term obligations, as of May 31, 2021:

		Payments due				
			0 – 12	13 – 36	37 - 60	More than
<b>Contractual Obligations</b>	 Total		Months	 Months	Months	 60 Months
Capital Lease Obligations	\$ 12,931	\$	8,948	\$ 3,983	\$ -	\$ -
Operating leases	\$ 2,016,954		235,038	418,025	412,522	951,369
Total obligations	\$ 2,029,885	\$	243,986	\$ 422,008	\$ 412,522	\$ 951,369

#### Inflation

In the past two fiscal years, inflation has not had a significant impact on our business. However, any significant increase in inflation and interest rates could have a significant effect on the economy in general and, thereby, could affect our future operating results.

# **Off Balance Sheet Arrangements**

We do not have any off balance sheet arrangements.

# ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Not applicable.

# ITEM 4. CONTROLS AND PROCEDURES.

#### **Evaluation of Disclosure Controls and Procedures**

The Company maintains controls and procedures designed to ensure that information required to be disclosed in the reports that it files or submits under the Securities Exchange Act of 1934, as amended ("Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the Securities and Exchange Commission ("Commission"). Ira Levy, the Company's principal executive officer and principal financial officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Exchange Act Rule 13a-15(e)) as of May 31, 2021 and has concluded that, as of such date, our disclosure controls and procedures were effective.

# **Changes in Internal Controls**

During the three months ended May 31, 2021 there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

# CERTIFICATION OF PRINCIPAL EXECUTIVE OFFICER AND PRINCIPAL FINANCIAL OFFICER PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

## I, Ira Levy, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of Surge Components, Inc.;
- 2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
- 4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
- (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
- (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
- (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
- (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
- (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
- (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

# CERTIFICATION PURSUANT TO 18 U.S.C. SECTION 1350, AS ADOPTED PURSUANT TO SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002

In connection with the Quarterly Report of Surge Components, Inc. (the "Company") on Form 10-Q for the period ended May 31, 2021 as filed with the Securities and Exchange Commission on the date hereof (the "Report"), I, Ira Levy, Chief Executive Officer (principal executive officer and principal financial officer) of the Company, certify, pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

- (1) The Report fully complies with the requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934; and
- (2) The information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company.

Date: July 15, 2021 By: /s/ Ira Levy
